We are very proud to offer the 210CS – the ultimate in electric watercraft – this is the boat in which unbeatable design, style, and construction converge for an unbeatable lifestyle experience. T 21' length and seating for ten, the unsurpassed standards guiding the design include a 50/50 canopy over a 9' beam, a wood dining table with drop leaves, granite countertops, and handcrafted solid wood throughout. Maximum performance is attained through twin inboard drives and charging systems, power to spare with 2 marine batteries, and dual throttles. Indulge yourself while transporting your family and friends in luxury on the tranquil waters of your lake or harbor, sunset after sunset.
